## PROFESSIONAL FACULTY LEADERSHIP ASSOCIATION

### WHAT IS PFLA

The Professional Faculty Leadership Association supports professional faculty at OSU through education, connection, recognition and advocacy. We host monthly events, presentations, discussions, and workshops. PFLA is an excellent way to network, and all professional faculty are invited and encouraged to join. Others are welcome to join as well.

### EVENTS

Events tend to be on the Corvallis campus but we use Zoom to accommodate schedules and to reach folks on different OSU campuses. Many of our events are hybrid with a face-to-face option.

### PFLA BOARD

The PFLA board consists of member volunteers. Serving is an excellent way to broaden your skill set, build friendships, and strengthen connections. Please contact the PFLA President to inquire about positions at <https://pfla.oregonstate.edu/executive-board>.
