Pribyl Named December 2014 PFLA “Our Hero”

Larry Pribyl, assistant director of Broadcast Communications with University Advancement in the Department of News and Research Communications was recognized as the Professional Faculty Leadership Association’s December 2014 ‘Our Hero’.

Larry was presented with a plaque and an ‘Our Hero’ mug at a meeting on December 15 by PFLA representatives.

Larry was recognized for his work ethic, professionalism, skills and resourcefulness. His nominators say he lives and breathes OSU’s commitment to service and excellence and is also a mentor to others.

“Larry is fiercely proud of OSU. His behind-the-scenes work with the Discovery Channel, major broadcast networks, other media outlets and the Pac-12 has strengthened OSU’s international reputation for excellence. He has conceived of and helped to produce OPB programs about OSU people on Oregon Field Guide and Oregon Experience.”

WINTER GALA 2015

The Professional Faculty Leadership Association hosted their annual Winter Gala event in The LaSells Stewart Center on January 14, 2015. The luncheon was staged in the Gallery of The LaSells Stewart Center, where the Oregon State University Staff Art Show was exhibited.

OSU Catering served new menu items such as smoked salmon, cinnamon and salt crusted pork tenderloin, brandied shrimp, wild mushroom rice cakes, and mocha fudge silk torte. This year’s Catering presentation was over the top and the foods prepared were outstandingly delicious!

PFLA was joined by members from the Association of Office Professionals (AOP) and Triad. The Gala provides opportunity for cross-organizational networking. AOP sponsored a silent auction and raffle, with proceeds benefiting their scholarship fund.

The OSU men’s choral group, Outspoken, provided an outstanding a Capella performance.

“Happiness Index” - 45 People Got Happier

The Professional Faculty Leadership Association’s fall term professional development workshop, The “**Happiness Index**” was held on November 19, 2014 at the CH2M Hill Alumni Center. The “**Happiness Index**”, inspired by the Kingdom of Bhutan’s “Gross National Happiness Index”, is an effective way of developing a communicative office environment where all employees play a role in assessing the overall happiness of the office by providing constructive feedback while developing employee ownership and care for their office.

Shain Panzeri, Director of International Admissions and Academic Support at OSU and INTO OSU, presented the workshop in two separate sessions, one in the morning and one in the afternoon, due to an overwhelming participant response. The workshop format centered on activities and discussion among the participants in small groups and was a fun and interactive way to share experiences and learn an innovative approach to implementing happiness within our work groups.
